

MoU & Tech Support

Alone we can do so little; together we can do so much

"We as a team are looking forward and willing to
collaborate with research
institute/organization/college/individual who shares
equal interest and wishes to achieve high goals in
Underwater related fields"

MoU with M.S.Swaminathan Research Foundation

On 21st Jul. 2017, Dr.S.Sakthivel Murugan, Asso. Prof. initiated and organized an MoU signing between SSN College of Engineering and M.S.Swaminathan Research Foundation for the research on Underground Communication - Smart Irrigation system.

MoU with Tamil Nadu Dr. J. Jayalalithaa Fisheries University

On 31st Mar 2021, Dr.S.Sakthivel Murugan, Asso. Prof. initiated and organized an MoU signing between SSN College of Engineering and Tamil Nadu Dr. J. Jayalalithaa Fisheries University for the research on Animal Bio-acoustics

We extend our help to Research Institute by providing technical support, the utilization of lab facilities, underwater equipment hiring, technical and manpower support for data collection and data processing.

We have broadened our assistance in bringing out research extends through consultancy for certain specific research domains being done in this lab. The institutes undertaken for consultancy are listed below.

Satyabhama University, Chennai,India

RMK Engineering College, Chennai, India

SRM Univ.,Chennai, India

Alagappa College of Technology, Chennai, India

SRM Eswari Engineering College, Chennai, India

B. S. Abdur Rahman Crescent Institute of Science & Technology, Chennai.

K S School of Engineering and Management, Bangalore, India

Dr. P. Karthik, Professor and Mr. Gopalakrishna Murthy C R, Associate Professor, K S School of Engineering and Management, Bangalore, collected data through consultancy for the research work carried out in the lab on 27th April 2024.

Miss. A. Priya(Asso. prof, ECE) and Mr. Afzar Ali (Research Scholar), B.S. Abdur Rahman Crescent Institute of Science and Technology) along with their students collected data through consultancy for the research work carried out in the lab on 13th March 2024.
